

BOOK REVIEW FOR
WELSH FURNITURE 1250-1950 :
A CULTURAL HISTORY OF CRAFTSMANSHIP AND DESIGN

BY RICHARD BEBB

taken from: www.welshfurniture.com

"Richard Bebb has achieved a most remarkably powerful and important study of Welsh furniture and woodwork [which] many will enjoy immensely, for some purely as a classic social documentary, and a study in material culture. Furniture collectors and professionals, whatever their area of interest, should all purchase it as a dynamic contribution to furniture history and as a tribute to vernacular furniture of both Wales and the British Isles."
