

BOOK REVIEW FOR
WELSH FURNITURE 1250-1950 :
A CULTURAL HISTORY OF CRAFTSMANSHIP AND DESIGN

BY RICHARD BEBB

taken from: www.welshfurniture.com

"A tremendous accomplishment in terms of both research and appearance, this is a mammoth publication crammed with detailed information.

The date range - from the early middle ages to mid-20th century - is an ambitious and untypical frame of reference. It extends the appreciation of Welsh furniture beyond the conventional timeframe of the Welsh 'golden age' between mid/late 17th and late 18th centuries; although it does devote a good few pages to this period.
